

Describe exactly what **is happening** in each picture. You may use the following words:

Kitchen / kettle / tap / sink / fill up / put in / shelf / stove / tins / gas / steam / teapot / teacup / tea-spoon / milk-jug / sugar basin / saucer / boil / pour / rinse / brew

[Note: aanrecht = *slab* (van steen); *sink unit*; *draining board*]

Now first try and find a logical order in the pictures.
